Promotional slides for the Edu4Chip summer school
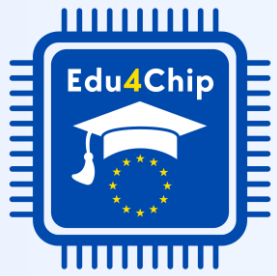

Notes:

Please find below some different styles of the promotional slide.

Choose the one you like better.

Feel free to modify as you please (if you do, keep the picture credit).

Edu4Chip Summer School on Chip Design

Dates
- One online intro-day: **August 11, 2025**
- Five in-person days: **August 18–22, 2025**

Location
- Technical University of Denmark, Copenhagen

Who should attend?
- BSc and MSc students looking to expand their knowledge in chip design

Kickstart your journey in chip design!

What you will gain
- Foundational knowledge of chip design workflows
- Practical experience with tools and methodologies
- Insights into the latest semiconductor developments
